Total 32 students participated along with seven faculty members of IIMT.

For a change as noise free environment, a visit to Jim Corbett National Park organized for the students. Our environment is bellowed with many wildlife species but the continuous human cruel efforts have suppressed the natural voices of these wild animals. Since the deteriorating species of wild lives including tigers are the root cause of misbalancing of the life cycle of environment, many sanctuaries and reserves have been established to preserve them so as to avoid further diminishing.

Hon'ble Director Prof. (Dr.) Anil Parkash Sharma congratulated each and everyone and encouraged the students for noise free environment.
