The duty of the Commission is to eliminate practices having adverse effects on competition, promote and sustain competition, protect the interests of consumers and ensure freedom of trade in the markets of India. The Commission is also required to undertake competition advocacy, create public awareness and impart training on competition issues.

ABOUT THE NATIONAL CONFERENCE

The Ideal Institute of Management and Technology conducts National/International Level Conferences annually with an aim to facilitate knowledge sharing on Contemporary Legal Issues as well as to serve as a pivotal platform for legal professionals, scholars, students, and experts to converge on the topic. In the past, we have successfully organized multiple National as well as International Conferences on various legal and contemporary issues of significant importance whereby participants from pan-India presented their well researched papers adding much required knowledge, suggestions, criticisms etc to the said field.

Rakesh Aggarwal Memorial National Conference 2025 has decided the theme “The Intersection between Digital Data Protection Act, 2023 and the Anti Trust Regulation” to be held on 15th February, 2025. This is the second collaboration between School of Law, IIMT and Competition Commission of India to foster knowledge sharing and research on Competition policies and its future implications.

STRUCTURE OF THE CONFERENCE

The Conference shall be divided into two segments:

I. PAPER PRESENTATION

II. PANEL DISCUSSION

I. PAPER PRESENTATION

About the Theme

“The Intersection between Digital Personal Data Protection Act, 2023 and the Antitrust Regulations”

India's digital economy is growing at an exponential rate, with vast amounts of personal data being generated and consumed every day. This data has become the cornerstone of modern business models, especially for tech giants operating in sectors like e-commerce, social media, fintech, and digital services. While data powers innovation, it also raises significant concerns regarding data privacy and market competition. In India, these issues intersect at a crucial juncture, where data privacy laws and antitrust regulations are evolving rapidly, but often in silos.

This conference will focus on the challenges posed by the growing concentration of data in India's digital economy, with a specific emphasis on how data privacy and antitrust laws interact in the Indian context. Through case studies, legislative developments, and expert insights, this presentation will equip legal professionals, policymakers, and businesses with the tools they need to navigate this complex landscape in India, where data privacy and antitrust issues are expected to become a central focus in the coming years.

THEMATIC AREAS OF PAPER PRESENTATION

Contribution in terms of research papers and case comments will be invited on the following proposed sub-topics for paper presentation:

- 1. Legal Framework governing data control in India**
- 2. Data privacy and market competition**
- 3. Challenges in enforcement and compliance of Competition Law and Data protection in the digital space in India**
- 4. Conflicts between privacy compliance and antitrust obligations**
- 5. Ethical and social dimensions of regulating data privacy and market fairness**
- 6. Technology and innovation in regulatory practices**
- 7. Data localization and cross border data flows**
- 8. Implications of data control on market competition and consumer choice in India**
- 9. Small enterprises in navigating digital economies**
- 10. Role of data fiduciaries in competition**
- 11. Digital advertising and Data control**
