And Accreditation Council (NAAC)

AN ISO 9001:2015
Certified Institute

2.7.1 : Student Satisfaction Survey for Academic year 2023-24

The period covered for Student Satisfaction Survey was 1st August, 2023 to 31st July, 2024.

108 students filled the feedback form available on the institute website as a part of the Student Satisfaction Survey. The institute is using the same questionnaire as designed by NAAC for collection of student responses for SSS. Majority of the students were satisfied by the teaching learning processes and the quality of teaching in the institute. They find the teachers supportive, encouraging, motivating and helpful. They are also satisfied by the Computer labs, library and smart classrooms. Some dissatisfaction among some of the students was on account of space like no proper playground , bigger canteen etc.

The suggestions given by the students are summarized below:

1. There should be more sports activities in the campus.
2. The students want more/ multiple internship opportunities during all semester breaks.
3. There should be more focus on e-learning.
4. There should be more technology involvement for academics.
5. Students should be given knowledge about writing the Research Papers.
6. There should be more inter-college competitions including Moot-court competitions.
